These Challenger Services trailers utilize the Steel Track design providing more flotation and resistance to rock and stump damage than rubber tires.

**FEATURES**
- Handle pipe up to 60 feet long.
- The bolsters are spaced 33 feet apart.
- Quick adjustable saddle width with slide control and chain lock for varying pipe diameter.
- Two 4" strap winches on each end to keep load from shifting.
- Approximately 12 psi ground pressure fully loaded: CPT-20/40,000 lbs. and CPT-30/60,000 lbs.
- Maximum towing speed—6 mph.
- Excellent performance in mud, dirt, sand, snow and more.
